以這份簡報來說

the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1995. The public sector has also become an important employer of women, with 5.5 million women employed in the public sector in 1995, compared with 4.5 million in 1980.

There is a growing emphasis on the importance of the public sector in providing services to the community, and in particular in providing services to the elderly. The public sector is also becoming an important employer of people with disabilities, and in particular of people with mental health problems.

The public sector is also becoming an important employer of people who are at risk of homelessness, and in particular of people who are at risk of becoming homeless because of mental health problems. The public sector is also becoming an important employer of people who are at risk of becoming homeless because of physical health problems.

The public sector is also becoming an important employer of people who are at risk of becoming homeless because of social problems, and in particular of people who are at risk of becoming homeless because of alcohol or drug problems. The public sector is also becoming an important employer of people who are at risk of becoming homeless because of family problems.

The public sector is also becoming an important employer of people who are at risk of becoming homeless because of financial problems, and in particular of people who are at risk of becoming homeless because of unemployment. The public sector is also becoming an important employer of people who are at risk of becoming homeless because of housing problems.

The public sector is also becoming an important employer of people who are at risk of becoming homeless because of health problems, and in particular of people who are at risk of becoming homeless because of mental health problems. The public sector is also becoming an important employer of people who are at risk of becoming homeless because of physical health problems.

The public sector is also becoming an important employer of people who are at risk of becoming homeless because of social problems, and in particular of people who are at risk of becoming homeless because of alcohol or drug problems. The public sector is also becoming an important employer of people who are at risk of becoming homeless because of family problems.

The public sector is also becoming an important employer of people who are at risk of becoming homeless because of financial problems, and in particular of people who are at risk of becoming homeless because of unemployment. The public sector is also becoming an important employer of people who are at risk of becoming homeless because of housing problems.

The public sector is also becoming an important employer of people who are at risk of becoming homeless because of health problems, and in particular of people who are at risk of becoming homeless because of mental health problems. The public sector is also becoming an important employer of people who are at risk of becoming homeless because of physical health problems.
